Computerised Railway Information System

420. SHRI JERLIE E. TARIANG:
SHRI MURLIDHAR CHANDRAKANT BHANDARE:
SHRI KAPIL VERMA:
SHRI HARVENDRA SINGH HANSPAL:

Will the Minister of RAILWAYS be pleased to state:

(a) whether Northern Railway propose to instal a computer-operated centralised traffic control and passenger information system in Delhi to facilitate smooth train operation and provision of fast and accurate information to the public;

(b) if so, what are the details thereof;

(c) what steps have been taken in that direction so far;

(d) whether similar systems are proposed to be installed at other important railway stations also; and

(e) if so, the details thereof and the extent to which the public will be benefited by it?

THE MINISTER OF STATE OF THE MINISTRY OF RAILWAYS (SHRI MADHAVRAO SCINDIA): (a) Yes, Sir.

(b) The project would provide microprocessor based train information system and remote control signalling over 20 railway stations located at Delhi Area. Visual Display Unit (VDU) terminals and key boards would be provided in the Central Enqiry Office at New Delhi for displaying the position of all trains to and from the capital for furnishing this information to the rail users. The project is estimated to cost about Rs. 20 Crores out of which Rs. 8 Crores approximately would be the foreign exchange content.

(c) Letter of acceptance for this work has been placed on M/s. GEC General Signal Limited, U.K. Survey and design work has been started.

(d) and (e) In the long range planning for next 15 years, it is envisaged that similar systems will be progressively adopted for other metropolitan cities and at about 20 centres on Delhi-Bombay-Calcutta as well as Delhi-Madras routes. With the introduction of these facilities, train operation would be made smooth and expeditious. Fast and accurate information to the public regarding train arrival and departure timings of all passenger-carrying trains would also be available.

Railway Projects
